Ergashev Sherzod

Frontend Developer

OBJECTIVE

Frontend developer focused on modern UI, performance, and clean architecture. I build user-friendly interfaces, integrate REST APIs, and deliver production-ready features.

TECHNICAL SKILLS

React.js	Next.js	JavaScript (ES6+)	Tailwind CSS
SCSS	Axios	REST API	Leaflet.js
Swiper	React Hook Form	Headless UI	shadcn/ui

EXPERIENCE

Frontend Developer — Asaxiy

May 2025 – Present • Tashkent, Uzbekistan

- Develop SEO-friendly pages and reusable UI components for e-commerce flows.
- Build interactive features (maps, sliders) and improve performance & UX.

Frontend Developer — Invan Uz

Jan 2025 – May 2025 • Tashkent, Uzbekistan

- Developed checkout form, order history, and product cards for smooth user journey.
- Integrated Telegram bot notifications for real-time order updates.

Frontend Developer — Asaxiy IT

Aug 2023 – Dec 2024 • Tashkent, Uzbekistan

- Delivered UI improvements, API integrations, and reusable components in production.

PERSONAL PROJECTS & STARTUPS

- E-commerce App — cart, checkout, order flow, product UI.
- Location Picker — Leaflet.js + geolocation + localStorage.
- Admin / Dashboard MVPs — tables, filters, modals, reusable components (startup prototypes).
